Mr. Huwe,

Thank you for producing the MMCAP disk. While this disk appears to contain a great deal of data, it does not contain field descriptions. Without those, we cannot determine what the files represent. Please provide descriptions and explanations of what the data fields represent. Please contact me with any questions. Thank you for your continued cooperation.

Brian: I did get your message. That does help, and we'll reschedule the depo for a later date if necessary.

Subject: RE: MMCAP subpoena

Greg,

What we are looking for is essentially:

- 1-Data showing sales to Montana and Nevada state-run entities
- 2-Communication with member states, particularly Montana and Nevada regarding pricing issues, including but not limited to any price lists that were sent to Montana and Nevada.

Hopefully, this will help focus the search. If you have additional questions, please contact me. In terms of your second email, we are willing to accommodate the time constraints of the data people who are traveling. We will postpone the February 21 deposition. An early March production would be acceptable. Thanks for your cooperation.

Subject: Subpoena

Message: Mr. Stembler informs me as follows: The questions and documents requested are not available in the form requested. MMCAP has NO data about Average Wholesale Price (AWP) as it does not use AWP. The only Minnesota state agency that uses AWP is Department of Human Services for its Medicare reimbursement program. the state's data only goes back to 1996, there might be some in 1995 but not much. The questions and the answers would be more useful if we could help you refine your questions. What precisely are you looking for?
